QTAKE Server

MODULES

USD

QTAKE Server is the most advanced tool for independent playback, annotation of clips and extensive collaboration through metadata on-set. [Learn more](#). To rent QTAKE Server for a max. of 90 days, visit the [QTAKE Rental Shop](#). If you are interested in long term rentals, [contact us](#) or your local dealer. If remote access to QTAKE Server is required, add QTAKE Cloud Sync.

SYNC

\$30/day • \$90/week • \$300/month

This is the main module of the QTAKE Server application. It is limited to a single active project. It is used to serve local network clients and optionally connect to QTAKE Cloud Sync. Active license is required for every node which needs to import or export media and metadata.

IO

\$70/day • \$210/week • \$700/month

This module is used to integrate with 3rd party services. New clip metadata and proxy media will be immediately uploaded to Moxion or Shotgun to keep their users automatically up to date.

PRO

\$70/day • \$210/week • \$700/month

This module allows you to synchronize other clip media types, such as ProRes, DNxHD®, RAW, etc.

AVID

\$110/month

This module adds AVID export functionality to QTAKE Server. In addition to native DNxHD/DNxHR® transcoding, it provides export of the complete clip metadata using ALE files.

QTAKE Cloud

QTAKE CLOUD STREAM

QTAKE Cloud Stream extends the reach of local streaming to remote clients, using internet connection. QTAKE Cloud Stream requires an active QTAKE STREAM module license and data credits. Use [Rental Shop](#) to purchase data credits. [Learn more](#) about the benefits of using QTAKE Cloud Stream.

QTAKE CLOUD SYNC

USD

QTAKE Cloud Sync extends the reach of the local QTAKE Server past the local network for remote workflows. QTAKE Cloud Sync requires an active license of QTAKE Server Sync on every node that needs to import or export media and metadata. [Learn more](#) about the benefits of using QTAKE Cloud Sync.

SINGLE PROJECT

\$330/week • \$1,100/month

Remote access to a single QTAKE project stored in the QTAKE Cloud.

MULTIPLE PROJECTS

\$750/week • \$2,500/month

Remote access to up to five simultaneous QTAKE projects stored in the QTAKE Cloud.

OTHER SERVICES

QTAKE TRAINING

1,000 USD

Get familiar with QTAKE during the 4-hours workshop with our trained staff. Individual or group trainings. Price excludes travel expenses and accomodation.

HOW TO ORDER

Perpetual licenses • QTAKE Cloud Sync service • Rental licenses longer than 90 days

POs and payments

Contact us at office@cinetique.net. We accept wire transfers and MOTO VISA/MasterCard payments.

License file delivery

Advance payment is required. License files are issued within 72 hrs from the payment receipt. Permanent licenses are delivered either as [dongle-based](#) or [virtual](#). If you choose to receive a dongle together with your permanent license, keep the dongle safe. If your dongle is lost, completely destroyed or damaged to a degree which doesn't allow to read the dongle, in accordance with QTAKE EULA terms, you are not entitled to a replacement.

Rental licenses shorter than 90 days • Streaming data

[Create an account](#) in the QTAKE Rental Shop to configure and purchase short-term licenses directly. VISA/MasterCard and PayPal/Alipay payments are accepted. For best results check this [quick start guide](#).
